

BLACK STAR SAILING INSTRUCTIONS APPENDIX 1

Courses

Marks are orange or yellow inflatable buoys

W = Windward Mark; **L** = Leeward Mark; **P** = Pin end of the Start/Finish line **O** = Offset Mark
M = Limit Mark: note it is shown slightly below the line but could be slightly above it; **S** = Signal Boat

START between **S** and **P**: *leave the Limit Mark M to starboard when starting.*

FINISH between **S** and **P**; or between an RC boat and a Mark if the course is shortened.

Leave all turning marks to **Port** except **Course #4** where **P** is left to **Starboard** or **S&M** to **Port**.

A race may be shortened at any Mark by any RC boat by displaying the blue flag and code flag S: then finish between the RC boat and that Mark. For **Course #2** and **#4** the race can be shortened after the first lap at the start-finish line.

For Course #2 you must cross the start-finish line after rounding L the first time. Those failing to do so shall be scored DNF without a hearing.

Courses will be indicated by numbers as follows:

Courses:

#1: Start – W – O – L – Finish

#3: Start – W – O – Finish

#2: Start – W – O – L – W – O – L – Finish

#4: Start – W – O – P or S&M – W – O – Finish
