The South Sound Sailing Society's Newsletter

Volume 42 Issue 1

September 2012

<http://www.ssssclub.com>

## Secretary's Report:

### Time to Renew Your Membership

Welcome to the **2012-13** South Sound Sailing Society membership year. I hope you all had a wonderful summer. Please plan to renew your Membership at our September Meeting. If you won't be at the Meeting, renew by **October 15** via mail or online through PayPal so you can be included in our updated Member Roster.

Annual dues are still only \$45. Race fees are also the same as last year: \$35 if you plan to participate in PHRF racing throughout the year, or \$15 for a single series.

In order to make Membership renewal as swift as possible, please complete the enclosed **2012-13** Membership

Application form, staple on your check, and bring it to the Secretary's table at the September Meeting. In return I'll give you a Handbook Update, Membership card, and a cool SSSS window decal. New Members will get a copy of the full Handbook. It will really speed up the process if your Membership form is already filled out with your check attached when you visit the Secretary's table. Thanks in advance!

If you miss the Meeting, renew or join online at [www.ssssclub.com](http://www.ssssclub.com). From the

Entry Hall click on Membership Form the link, below the door to the Bar, or go to the Business Office, then the link for the Membership Form. Print out a form and mail it to: PO Box 1102, Olympia, WA 98507-1102. If you are renewing through the mail, be sure to include \$5 for shipping and handling if you would like to have your Handbook mailed to you. Otherwise I'll hold on to it and you can pick it up at the next Meeting.

Also you may renew online: submit the online Membership Form instead of printing one. Through this system you'll pay with PayPal and the amount is a little higher to account for the PayPal fees. The online fees also include S&H so I'll mail your Handbook and Membership cards to you.

If you own a business, take advantage of our free online business listings. On the back side of the Membership Form is a spot to fill in all the pertinent information. If you would like to advertise in the Ship-to-Shore, please contact the Treasurer to make a payment and then submit your ad to Steve Worcester, Ship-to-Shore Editor.

Please remember to renew no later than **October 15<sup>th</sup>**. This is very important so we can update our Member Roster and distribute it at our November Meeting. Thanks for renewing and supporting all the SSSS programs and services, including racing and cruising, guest speakers, the Handbook, the Ship-to-Shore, our web site, and more.

Barbara Emmons

### Limited Number of Calendars Available

Many of you responded to my requests this past year to reserve a 2012-13 SSSS wall calendar. Those of you who did so can pick them up at the September Meeting. For those of

you who did not pre-order a calendar, I will have a limited number of calendars available on a first-come, first-serve basis. When they are gone, they are gone.

These calendars are pre-loaded with all of the club's meetings, races, cruises, and special events for the sailing year from September 2012 through September 2013. You don't have to worry about forgetting a cruise or missing a race. Plus it is loaded with great sailing pictures taken by Members.

Swing by to pick up your pre-ordered calendar, and if you didn't pre-order, stop by early at the September Meeting to pick one up.

## LifeSling Clinic A Breeze

This year's LifeSling clinic had a rather unusual feature, wind. We often have very little breeze when practicing the rescues which makes it quite difficult to circle the overboard victim with the LifeSling. This year, with a good steady breeze, it was a lot easier to get the boat back to the victim so they could reach the LifeSling. The biggest challenge was stopping the boat a safe distance away so it did not get blown back over the victim while the skipper lowered the sails. Fortunately, all participants doing single-handed rescues rose to the challenge and our volunteer overboard victims, Alex Bromen, Carol Johnston and Rob Nelson, were saved- over and over.

The participants who successfully completed this year's class are: Stephen and Joy Roth, Diane Johnson, Debra Glasser, Gary Buscho, Angela Visser, Terry and Valerie Van Meter, Jim and Debbie Hatcher, Frank and Melissa Dare.

Thank you to our dedicated and skilled instructors who have been putting on this course for many years: Rod Tharp, Rob Nelson, John DeMeyer, Gary Ray and Judi Kruller. If you have never taken this class or need to brush up on your skills please check next year's calendar to see when the 2013 clinic will be held and be sure to reserve your spot early. Safe sailing.

**Andy Saller, Liberty**

## S-t-S Report New Year Starts

Another SSSS year is starting. I need your help. As I have said many times, I *edit* this rag. I do not write it. With the new year we need more of your stories and photos.

The Member survey tell us that the top three things our Members want to see in print are photos, Member's stories, and race results. These scores are significantly better than the other articles in the S-t-S and so close it is hard to separate them. Well I

can get the race results. I need you for the photos and sailing stories.

Your summer sailing adventures should be fresh in your mind, be it a cruise to Alaska, or the San Juans, or Race Week. Maybe you are still out there.

What better time to write about it?

We have photos of racing this summer, Soldier Sailing, and other summer SSSS events on line. Links through the Summer S-t-S on line. That is good as far as it

*Comedy of Errors*, Thursday Racing photo: Jim Findley  
More Thursday Racing photos by Jim on line

goes. We now need photos of fall SSSS events. Please take your camera sailing; and send us copies.

Nothing in the above should make you think we do not want videos. The way we are dealing with the formatting problems is to up load the video to a site like youtube or flickr, Then sending me the link to post.

This also works for still photos, posting them elsewhere and sending me the link. And maybe a teaser photo or two. But

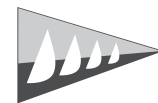

Race to Somewhere picnic, Thursday Racing on Saturday photo: Steve Wyant more photos by Steve on line

*when choosing a site to post on, please pick one that is open to the public.* One where you do not have to register and accept lots of third party tracking cookies. We do not want to make our Members join every photo site on the web just to see other Members' photos.

It is you, our Members, who make this rag interesting. We want to hear from you.

**Steve Worcester, Star 6932**

## Soldiers Sailing A Fantastic Day

Who would have thought on that cold dark evening when the board approved the idea of hosting some Wounded Warriors from JBLM for a day of sailing that we would have such a gorgeous day for our event.

On Friday the kitchen crew, led by Debe Andersen, met at OYC's kitchen, to tear apart the lettuce, slice the onions, mix up a special sauce for the hamburgers and frost countless cupcakes, sticking a flag in every one. We carefully tucked everything into the refrigerator for the next day. We thought the weather should be good for the next day, but no one knew that the Olympia was heading into a night of blazing lightning and crashing thunder along with a drenching rain. What if it rained on our parade tomorrow?

Saturday started with clouds and a very light breeze rustling through the leaves; it looked like it would be a perfect day for a sail. I headed out to pick up the last few items and meet the ground crew at Swantown Marina's Dock A. As I arrived the SSSS volunteers began to pour in, bringing signs to welcome the soldiers, tables to put the food on and ice chests to cool our drinks and a big roaster filled with baked beans. We were busy hanging our decorations from the tents which Swantown had provided, when we get a call from the soldiers, they were arriving 45 minutes early ... drop the decorations and lets go meet the troops. They were excited, most had never been sailing and they were just a little nervous about heeling. We had 10 soldiers and 8 guest make the trek down the I-5 corridor to Swantown Marina.

The boats began arriving, filling the slips reserved for the day. Alex Broman manned the dock and coordinated the loading of boats. At our skippers meeting Erik Dahl had discussed the race and a rubber ducky pick up for everyone. Erik was stationed out on the race committee boat with his volunteers. Twelve skippers,

their crews and guests headed out to race and pick up rubber duckies. As the boats hoisted their sails they filled with the breeze coming into Budd Inlet. We stood in the upper parking lot and watched them head out. With their billowing sails it didn't matter who won, everyone there was a winner.

After several hours on the water the boats returned. All I can say is there were smiles from ear to ear on everyone's faces, soldiers excited,

Soldier Sailing. top to bottom: aboard *Releaf* photo by Thera Black, *Flying Circus* finishing photo by Steve Worcester, the BBQ photo by Mary Winkler

More Solider Sailing photos on line

skippers pleased, some soldiers trying to find out how to bring visiting families for a sail, others wanting to come race with us, what more could they want except food to fill their bellies, and that we could provide. We fed about 90 people, what a great attendance at our first event. After dinner EriK served as Master of Ceremonies to hand out the certificates of accomplishment and gifts which West Marine had donated. After the award everyone lingered for a bit, exchanging phone numbers and e-mail addresses and the soldiers headed back home.

There are so many people to thank for their participation,

Swantown Marina for donating the use of the docks, the grassy knoll lined with tables, the barbecues, the tents and all the help they gave us. West Marine for donating prizes, OYC who let us use the kitchen, the skippers, the folks on the docks who brought boats in and pushed them off the dock, the race committee boat, the photo boat, the kitchen helpers, the sign makers, the Members who stopped by to say hello, the luggers of tables, food and finally the trash. We missed Dave Knowlton who helped with the original meeting at JBLM where we met their dedicated staff. He also helped line up the skippers and passed the baton on to Alex when he left on vacation. I would also like to thank the silent angels who picked up the tab when our budget grew because instead of feeding 50 people we fed 90.

We are already looking for sponsors for next years event. We will have feelers out at Costco, Boeing, and some other businesses and groups, if you have an idea let us know.

I hope you are looking forward to the 2012-13 racing season as much as I am. The beginning of the Fall Series this month usually brings some crisp breezes and lots of friends and competitors closing in on the start line for that perfect start. It is time to remove some of that cruising gear and tighten the rigging. This year I have the pleasure of being your Race Chair and I hope to follow the excellent program leadership shown by Joe Downing over the past three seasons.

It was good to see so many Members participating in the Summer Wednesday Night Races. I was happy to see some new B and D Class boats out to catch the somewhat fickle sea breeze that often sets in about 1830. Participation at the burger BBQ following the last race of each Wednesday series has been well attended and it's a great opportunity for me to verbally improve on a poor finish.

The PHRF schedule for this year is almost identical as last year which means plenty of racing with a total of 31 club sponsored races. Please remember to renew your annual PHRF memberships if you are in A, S, or B classes along with your SSSS race fees. I also encourage D Fleet boats to support PHRF since they establish and maintain a large database of handicaps that provides us with a level playing field.

There are few changes to the racing handbook and the RC boat instructions to indicate when a motor can be used prior to a start and to clarify that the sound

signal used to end a postponement period is the same as the attention signal. The RC boat instructions were corrected to reflect the correct sound signals required for an Individual or General recall so that they agree with the RRS standard. Finally, the format for the Winter Season Championship has changed slightly to insure that boats competing for the championship must complete at least one distance race and at least one windward- leeward race. To be eligible to win the Winter Championship the racer must have finished a total of eight or more races and at least 1 race each in 3 of the 4 series that comprise the Championship.

RC boats will be needed for this year's races and I have a few volunteers who have already signed up. I have volunteers for the first two Fall Series races and two races of the First Wednesday night series. I will have a signup slip listing all the races and volunteer opportunities at the September Meeting, but if you would like to sign up early or can't make the Meeting please send me an e-mail at rchair@ssssclub.com. If you have never been the Race Committee or would like some help, let me know and I will try to get someone with experience to go with you. The race program relies on volunteers to manage and run the races in a manner that reflects on your good understanding of the way successful races are setup and executed efficiently.

I look forward to seeing many of the regular racers on the course and I hope that I can encourage more Members to come out and join in the fun.

Joel Rett, Maranatha / LoneStar

## New Member Social

Come meet our new Members, and maybe some prospective Members, October 18 in the ViewPoint Room at West Bay Marina.

New Members, come meet our board and some of our more active Members. Maybe even a skipper looking for crew. Details in next moth's S-t-S.

## Cruise News

### JARRELLS COVE CRUISE

Diana and I left at 1300 to start the formidable and treacherous Jarrells Cove Crossing. We made it unscathed in 13.334 minutes to find a deserted dock, except for a 30 ft trawler tied to the end. We skillfully, with the help of the trawler skipper, secured our old and faithful Haida 26, *Skaga* to the dock and sat back to recover from the arduous trip. About 1400, Steve and Joy Roth on their Catalina 42, *Tushita* arrived, followed closely by Barbara Emmons and Joel Rett in Barbara's Morgan 38, *Moonshadow* and Mary Campbell and Mike Smith in Mary's Cascade 36 *Sonrisa II*. We had a very tasty and well rounded potluck followed by a fire and marshmallows. At 0100 Joel and I got up and watched the Perseid meteor shower for a little over an hour. What a beautiful night! Sunday morning we had the usual lazing around and slow waking up and by noon everybody was headed for their home port.

Jim Findley, *Skaga*

## Winners were Announced at the June Meeting

### Uncle Juicy Trophy

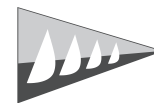

This award, donated by Bill Maclean in memory of Joe Dubey, is for the boat that most improved her racing this year. *I 5*, Dan O'Brien, won it.

### Party Boat Award

This award goes to the boat attending the most Cruises over the year. It went to Terry & Val VanMeter, *Passages*.

### New Cruising Award

To recognize someone the Cruise Chair deems worthy: Ken and Sharlyn Russell.

## Andrew Jackson Trophy

This award is given for the "world's fastest time around Hope Island" that year, May Meeting to May Meeting. We now have our first time of the year. With the westerly blowing strong, Joe Downing took *Vintage* around the island in two

hours ten minutes and fourty eight seconds, correcting to a fast 1:30:04. But the year is still young and the westerly has been good. Someone may do better. You? More information about this award can be found in our Handbook.

@ = points for RC duty

Number of Races represents the number of races you finished, First Wednesday Series Race 1 through the Secretary's Series Race 4.

Total points should equal the sum of your scores, in class, from those races. Summer Championship Score will equal the scores of your six best races. Boats without six finishes will not be scored.

## Commodore's Corner Welcome Back

Welcome back to a new South Sound Sailing Society year! A special welcome to those new Members that are just learning what the SSSS is all about. One look at our calendar confirms we are an active and diverse group and we have something for everyone. Soon the memory of those long summer days and the exciting Olympic sailing will be fading, but the warmth of our fall and winter gatherings is just starting up. I look forward to seeing many of you on the second Tuesday of each month at the Olympia Yacht Club building for our monthly general meeting. I would like to invite each of you to bring a guest or two along to one of the Meetings this year, and I look forward to seeing everyone on the water for our various boating events year around.

We have a great board poised to spring into action and provide the leadership to keep all the parts of the organization moving. Many of the board members are quite experienced and can also keep me in line. The diverse activities of our organization are a great strength, and thanks to a small army of reliable volunteers that has taken on the work of organizing the racing, publishing and gatherings, we are in fantastic shape for the coming year to sponsor an incredible variety of activities.

I look forward to hearing about your summer adventures both near and far. I spent much of the summer in Costa Rica, and yes we did visit the Osa Peninsula to body surf and walk vast unoccupied beaches. For sailing and companionship on the water however, the South Sound is the place to be. It is nice to be back near Puget Sound! Meet you on the water.

**Richard Bigley, Osa**

## Star Fleet: September

The season ends with the Fall Regatta September 8  
not the date in other parts of this S-T-S

The Stars have had a full season of racing with consistent participation throughout the season. In the next month we will be hauling the Stars for the long winter nap. Over the off season we will be planning for the next season to come and before you know it will be time to get the boats ready for next year. We will be looking for new blood to mix with the old blood for planning the Black Star. Please look of the announcements for the planning meetings.

This October, I am working with US Sailing to get a Club Judge Certification seminar for anyone to take, not just Star sailors. The tentative date is Saturday October 27th. It is a one day seminar and the intent is to improve Judging at the club level. We would then call upon the certified Club Judges to hear protests. The desire is to get a strong pool of Sailors that can hear protests within the Society and then grow the pool each year.

Over the next months I will be introducing our Star Fleet to the Club with a series of bios for each member of our fleet. I hope you enjoy meeting the members of the fleet.

**Norm Smit, Tantalus, Star 7094**

## Portsmouth Racing One Day Left

When you read this our, Portsmouth racing season is over except for the Fall Regatta/picnic-potluck/awards ceremony which is on September 9<sup>th</sup>. This year our Laser One Design Fleet has continued to expand, with more boats and more participants and our mixed boat fleet is doing well also. So far we have had 26 total different skippers out for racing and 13 of them were Laser

skippers. Until August the winds were very nice. Strong but friendly. August seems to be letting us down, but then two out of three ain't bad.

Get your racing dinghy all polished up and ready to race this winter and meet us next year in May for more dinghy racing.

## SSSS Survey

The survey I have been harassing Members to fill out is over. Here is the first in a series of reports on what it tells us. However I need to start this report with the disclaimer. The survey got a fairly large sample, but not random one. Those taking this survey self selected. How they differ from those choosing not to take the survey is open to speculation. That said, here is some of what the survey tells us.

Not quite two thirds of the respondents self identify as Newer Members; as opposed to Long Time Member at 10% or Less Than a Year which accounted for a quarter of those answering. There were a few that were not yet Members.

Most of those reporting participate in more than one program. Two out of three of the those who identify as Cruisers race PHRF, or did and will again, or want to. One out of four Cruisers races Stars, or wants to; half the Star fleet goes to Cruises or wants to. And two out of three who identify as PHRF racers are also Cruisers.

It would seem from the survey that all our Members are on line. Not a single person responded that they were not. Only one is still using dial up. About a third use DSL. 90% of the respondents are on line daily.

15% to 20% also use a phone or tablet to view the site. We currently have a few simplified screens, accessed at [www.ssssclub.com/phone.htm](http://www.ssssclub.com/phone.htm). If these are

useful and/or you have other ideas to make phone access better let me know.

60% check our site at least weekly, 80% say they will have visited the site in the last month.

The web site and the S-t-S are the primary sources of information. One is more used than the other depending on what we ask about, but a significant number of Members use each what ever we ask. The

Handbook and Meetings play a minor but significant role, particularly for some things.

The vast majority like the S-t-S in print and want to keep it. 80% *do not* want to print their own copy off of the web. A third of those who now

print their own still want to get a copy in the mail. Not surprisingly 80% say they primarily read the S-t-S in print.

Facebook divides the Club. Not quite 60% of the respondents have a Facebook page. The remaining 40% plus not only do not have one, they do not want one. Privacy, should you protect yours or just get over it? No one is on the fence.

95% of the respondents told us that they were getting as much SSSS information as

they needed. However about 20% of them, while getting enough, still would like more.

80% of the people reported they could find things on the site without too much trouble. A little over a third of the respondents thought it was easy. No one responded that they could not find the things specifically asked about. That seems a passing grade. With the site pushing

## STAR RACES FIRST SPRING SERIES

Pos	Bow/Sail	Boat	Skipper	2	4	Total
1	35/	Puffin	Branch, Dave	2	1	3.00
2	17/	Mari	Decouteau, Derek	1	2	3.00
3	13/	Tantalus	Smit	3	3	6.00
4	2/	Jazz	Thompson, John	5	4	9.00

20,000 files, everything can not be on top. Somethings will have to be dug out.

That does not mean we should give up on the other 20%. We need to keep working on making the site easier to use and on teaching Members how to use it. That is in part what this survey is about. More in a later report .

We will keep the site set to a resolution of 800x600. Most of those reporting had a different screen size for their machine, but

those were not at all the same. While not the majority, 800x600 turns out to be by far the most popular size. On top of that, only one person had a serious problem with that size.

Steve Worcester, Star 6932

Dues Are Due

## Cruise News COMMODORES' CRUISE

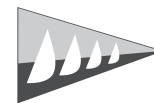

Our first Cruise of the year will be September 22-23 to Vaughn Bay. For those who have not been there, this is a very sheltered shallow bay near the head of Case Inlet. A long spit guards the entrance, and it is a great place for our potluck. If you have not been here before and plan on entering at a lower tide, it would be good to talk with someone who has been there before.

Watch our web site for more details closer to the Cruise. If you have never been on a SSSS Cruise, you can get a general idea of what happens on a Cruise reading *Cruising 101* in the Cruise News on line.

## September Meeting

As the summer turns to fall, there is a sense of wonderment and excitement in the air. As we head for the first Meeting, there is a sense of Who? Who is going to show up? Who is going to have the best story of summer racing or cruising? Who bought the next best sailboat to beat up the competition? And of course who will be the speaker for the night?

You may think this is a dodge and I've not done my job. Or that the summer went by so fast that it snuck up on me. But here it is; we have some great speakers and they just have not been able to choose their date. The decision is here now.

Our own globe trotter Mary Campbell will be the speaker for our opening night. She was in the Sea of Cortez and helped with the rescue of a humpback whale that ran afoul of a fishing net. Then she met two sailors in Hawaii and sailed to the Australian town of Darwin, with a stop in the Solomon Islands. See, it was worth waiting for.

The October Meeting is booked and it also will be great. More information in the next S-t-S.

## Using the Web Site

On the Member survey I asked for two things that one had trouble finding on the site. Some of the answers make me wonder. Someone had trouble finding the survey itself. Now

there was a link, in big letters, on every Office page labeled Member Survey! Yet I do not believe the Member is lying. He did have trouble finding it. This puzzled me.

After thinking about it, I may know the answer. Others have not been able to see things we knew were there. I suspect that this was the same problem.

When you visit the site you are not always looking at the most current version of the page. Your computer down loads and saves everything you view on line. When you want to go back to a site your machine will get you there faster by reloading the pages in its memory, rather than downloading them again. So it often does. You can reload/refresh the page with a button on your browser.

However if the page you are looking at is one of the Offices you will have to reload the frame. Right click where you expect to see what you are looking for. For example, if you see last year's results where you expected to see this year's, right click the results. Choose, This Frame, then Reload Frame.

## Scorer's Report: Race Fees Due

A new year of racing is about to start. We require a minimum of paper work, please get it in early. To score the races quickly I need up to date registration information, *before the race*.

Registering before you race makes my my job, scoring the race, easier. It also makes it quicker. I can usually get scores posted by the next morning, *if everyone is registered*. By if I have to contact the handicapper before I can score a boat, or wait till Barbara tells me they have paid race fees, it can take a lot longer. Days. So please help me, and get your score faster: register before you race.

Make sure you have paid your SSSS race fee and, unless racing D Class, your PHRF dues. Should you be paying at the last minute, if your check may not be in Barbara's hand a day or two before the race, call or e-mail me. I will trust you and will get the results out without waiting. Or you can pay on line. PayPal updates us close to real time.

If you have raced this boat with us before and nothing has changed you need do no more.

**If you want to change classes**, moving into or out of D Class, you need to get a new handicap and then tell me what it is. If you forgot which class you last raced in, the computer will remember. Tell me which

class you want to race in before the race.

**The RC boat does not make class changes.**

**If you have not raced your boat with us before, or you got a new boat**, you need to do three things:

1. Get a handicap: from Rafe Beswick if racing PHRF, or from Kelly Coon if you are racing D Class.
2. Then you need to communicate to me: the handicap, your name, boat's name, sail number, and if you are racing D Class or PHRF.
3. Pay your race fees

Actually, if you have paid dues, you get one buoy race free, a chance to try racing. I would encourage you to try racing if you are at all inclined. Racing is fun. If you decide to keep racing, you then need to pay your race fee.

However, if you know you are going to race the series, pay your race fee with your dues and make it easier for everyone.

That is what I need you to do to be able to score you. Please get it over before racing and I will have results sooner.

**Steve Worcester**

## Second Wednesday Night Series

*Showtime, Gayle Force, Liberty, , and D'Lavicea* were the RC Boats. Thank you.  
place Sail No. Yacht Name Skipper Name Rating Strt Race 1 Race 2 Total
