The South Sound Sailing Society's Newsletter

Volume 51 Issue 1

September 2021

www.ssssclub.com

September Meeting:

The South Sound Sailing Society will be holding its first General Membership Meeting for the 2021-22 season on September 14. We will ask Members to share their summer cruising adventures, have an opportunity to discuss the upcoming racing season, and explore future plans for SSSS cruising.

Depending on the current COVID-19 guidelines at that time, we will be Meeting either on the Olympia Yacht Club deck,, 201 Simmons St. NW, or inside where Members may be required to wear masks, or via Zoom. Please keep an eye on your e-mail inbox to determine whether we will be at OYC or have the Meeting via Zoom.

If we meet at OYC, doors will open at 18:30 and the meeting will begin at 19:00. If via Zoom, sign-in at 18:50.

We hope to see you there.

Bob Butts, Emma Lee

Commodore's Corner: Welcome 2021!

Sailing has taught me never to make plans more than 72 hours out. This lesson seems to apply during global pandemics as well. By June we thought we had this thing solved, people were getting their vax, restaurants and stores were opening, picnics were authorized. Then, enter Delta Variant.

Our current plan for the year, as of this writing, although plans seem to change daily, is to hold our first in-person meeting September 14 on the OYC deck. We'll share summer cruising adventures, have an opportunity to discuss the upcoming race season, and explore future plans for SSSS cruising. Who went somewhere really cool? What South Sound destinations do you recommend? Please send your cruise photos to programs@sssclub.org so we can build a slide deck for this member-interactive discussion.

Vaccinated, masked Members will have access to use the clubhouse restroom but all other functions will take place outside. As always, it's street parking only if you are not an OYC member.

We have many new Members and new sailors this year, and 2020 left a layer of rust on a lot of us old dogs. Safe boating is all about continuous education so this year I'd like to encourage mentoring and skill sharing for both the racing and cruising fleets. I'm going to borrow a wonderful idea from two of my sailing heroes, past commodore Joy Johnson and Member Noreen Light, to bring back Cool Tools and 5 Minute Safety topics to our regular Meetings. Other learning opportunities this year will include:

LifeSling training

Ask a marine expert: Rigging, engine repairs, hull, electronics, and sails

Andrew Kerr Racing Seminar

Radio basics – VHF, AIS, and SSB

Gourmet cooking on a boat

Planning for cruising adventures in 2022

In addition, member Bob Butts plans to repeat his fantastic Racing 101 and New Boat 101 courses.

For those who can't make in-person Meetings, we'll broadcast as many of these programs as we can via Zoom.

Thanks to Past Commodore Richard Wells taking over as webmaster, you'll see a lot of updates on our web site www.ssssclub.com/. And be sure to keep in touch with our Facebook page www.facebook.com/groups/SSSSClub/

See you out there!

Alan Hoffman

Help

The pandemic has been hard on the S-t-S. Members have not been contributing. It is the Members who make this rag worth reading. It takes Members help, lots of help, to reflect all the things SSSS does.

We need Members to take photos of our events so we can show other Members what they are missing. We want to hear how Members use their boats when not at SSSS activities, and your opinion on Club topics/activities. We want to share maintenance tips and tricks.

The dinghy fleet sent us many photos this summer. We have a few of the Stars. But only one photo of Wednesday racing! Maybe it is because people are racing short-handed, but no one is sending us photos from the water. immortalize your fiends and competitors; take your camera sailing and send us photos.

If you send me photos you did not take, be sure to include the photographers name.

Note: We have had technical problems

Renewals for a New Sailing Year

Hi, everyone. I'm looking forward to being Secretary again for SSSS. A lot has changed in the last 20 years! For me, September was all about registration, one of the stops you'd make as you worked through the hubbub, toasted the House Chair, and greeted friends you hadn't seen in a while. And as Secretary, I got to meet almost every one of you. I'll miss that again this year.

Most of us renewed at that first Meeting of the year and so it's time to renew for the new year. Though I may not see your smiling faces and take your checks myself, there are two other good ways to renew.

Renew Online: <http://www.ssssclub.com/how-to-join/> and Click Here to Pay Annual Dues. It's simple and straightforward, but if you get stuck let me know and we'll figure it out.

Renew by Mail: Use the form in this S-t-S, or you can print the Membership form from our web site at <http://www.ssssclub.com/how-to-join/>. Fill it out then drop it in the mailbox and make Steve's day when he checks the PO box. I'll get you entered into the Membership database, so you continue to get the information, programs, and camaraderie that SSSS is all about.

Dues are \$55, PHRF race fees are \$35, and if you're going out cruising you probably want a burgee for \$25. Let us get you set up for a fresh year of South Sound Sailing Society.

posting photos this summer, so have not posted those I have received. We are working on it and should have a 2021-22 Gallery up soon.

For two summers now, we could not cruise into Canada. So where have you gone this pandemic? Did you find new places, or revisit places long ignored? Or maybe you have local places you visited regularly even when Canada was open? If you did not get the chance to tell your story at the September Meeting write and tell us. You do not have to write about the entire trip; write about the best day, the worst day, what you learned, ...

Maybe you saw the restricted cruising grounds as a sign it was time for some major boat maintenance or improvement? How did it go? Did you learn anything? Share it with us. Or maybe you combined the two and ended up doing major maintenance in some exotic spot? That can make for good stories. We want to hear yours.

The bottom line is that we need your help if the S-t-S is to recover from a year of the virus and be the newsletter it was. This rag is what you make it. Write us with your stories. Take your camera sailing and send us photos.

Steve Worcester, sts@sssclub.com

Come Race

If you have been thinking of racing with us, there is no time to start like the beginning. As we start the new season we are still in the Casual Racing mode. Which is a good way to start racing your boat.

Racing gives you a reason to use your boat more; isn't that one of your reasons for joining SSSS? Racing gets you out in more varied conditions. Which will make you a better sailor. And racing is fun. Come join the fun.

If you have raced this boat with us before, than all you need do is come out. The computer has all your information and you will be assigned to the Green or Pink class. *Unless something has changed:* like new sails or major modifications. In that case see your handicapper; if your handicap changes tell me.

If you have not raced this boat with us, then you need to get handicapped, unless you have been racing down Sound and already have a PHRF handicap. See Rafe Beswick for an official PHRF handicap, good anywhere on the Salish Sea. Or Richard Bigley for a Club no spinnaker handicap, good for our local races but free.

Once you have a handicap, tell me. I need your sail number, and handicap to score you; the app does not score you without them. Your boat name and type help the RC identify you, and we would like your name. How else will we know who to say hi to on the water?

If you are looking to crew, *step one is to get vaccinated.* Richard Wells is starting a Crew List on line to try to help make matches. This improves on and replaces that part of the S-t-S. If you have questions, see Richard at pastcommodore@ssssclub.com or call.

Steve Worcester,
scorer@ssssclub.com

Sailing (Self) Education

Do you want to know how to anchor? Have a question about navigation techniques? Wonder what a club officer pennant looks like? The answer to just about any question about anything related to running a boat can be found in *Chapman Piloting Seamanship. and Small Boat Handling.* For over a century this has been the authority. Of course there is now a web site. This is a good place to look for an answer.

PHRF Racing

Wow, it's almost fall! It's been a good summer of casual Wednesday night racing, bringing out the usual suspects and several new faces and boats! Even I, the race chair got *Fjord* in the water before the solstice. Given the Delta resurgence the casual racing format will continue at least

through the Fall Series. Check the SSSS web site under Racing>PHRF>Sailing Instructions for addenda to the standard sailing instructions.

I'm asking for volunteers and their boat for stakeboat duties for Eagle, Herron, Henderson, and McAllister races. See the racing schedule and dates and see the race descriptions in the Sailing Instructions.

Contact me if you'd like to serve. Dave on *Koosah* has volunteered for the Eld Inlet race.

For those who are fond of planning way in advance, the SSSS racing schedule thru 2022 is posted at Racing>PHRF>Race schedule.

Sail Safe.

Eric Egge, *Fjord*,

Star Racing photo by Frank Newman

Budd Inlet Star Fleet

The Stars have been out for a short racing season this July and August with some fun racing. Dave Branch has been a great inspiration to getting Star Boats back in the water. Also thank you so much to our volunteer race Committee; Chris Reitz, Bob Kuehltha, Skyler Crady, Derek Decouteau, Frank Neumann, and Sherwood Smith.

This year we developed a crew list and were able to get quite a few new racers out in a Star or on Race Committee. We even had a super windy evening with 15-18 mph. Rich Wells won the

broken mast award this year!

We hope that we can double our number of Star boats and races next year. There are at least four more skippers that needed time to get their boats ready to go racing. And one new skipper who is excited to join us from Portland, Dan Kelton. If you are one of these skippers, I hope you will be encouraged to get going on your boat next January or February.

Bill Brosius continues to encourage and support us. The run-about is easy to find that bright yellow hull on the water.

We are to tow all the boats over to Zittel's for take out September 20.

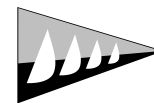

Volunteers appreciated!

Cheryl Rogers

Portsmouth Dinghy Racing

The Dinghy Fleet has had a summer filled with great and varied races with every thing from two to fifteen boats and winds from 1/2 to twenty knots in sixteen nights of racing. That's somewhere between 48 and 64 separate races. And then there was the Harstine GT, a two day tour around Harstine Island. Being that it was the first time we tried it, it was a great learning experience. We are hoping to do it again next year with several revisions. Stay tuned for Harstine GT 2.0.

Remember, if you have a sailboat that is 20 feet or less and doesn't have a fixed keel, you too can come out and join us next summer for some fun on the water.

Double-hand Races August 8

Races: 1 to 2 *Jolly Rumbalow* was the RC boat. Thank you

place	Sail No.	Yacht Name	Skipper	Rating	No. Race		Total
					1	2
